COMPANY OVERVIEW

About Us

Welcome to 24/12 Pune Gas industries is a renowned manufacturer, supplier, trader and exporters of an exclusive assortment of Industrial Gases. Our products are Carbon Dioxide Gas, Oxygen Gas, Nitrogen Gas and many more. These products are precisely manufactured using the optimum quality raw material and contemporary technology under the supervision of skilled professionals in compliance with the set international industry quality standards.

Our company offers the mentioned product range to our precious clients in various packaging options in order to meet various requirements of clients. We export our products all over the world.

OUR PROCESS

Mission

Our mission is to be a forefront player in the gas industry, dedicated to delivering reliable and sustainable gas solutions. We strive to contribute to the prosperity of industries, communities, and the environment by providing innovative and efficient gas products and services. Through cutting-edge technologies, safety-first practices, and a commitment to excellence, we aim to meet the evolving needs of our customers while upholding the highest standards of integrity and social responsibility."

Vision

"Our vision is to lead the transformation of the gas industry, setting new benchmarks for safety, innovation, and environmental stewardship. We aspire to be the preferred partner for businesses and communities seeking advanced gas solutions. By fostering a culture of continuous improvement, investing in research and development, and embracing sustainable practices, we envision a future where our gas products empower progress, enhance well-being, and contribute to a cleaner and healthier planet. Together, with our stakeholders, we strive to create a legacy of excellence and positive impact in the gas industry."
